BAY ANARCHIST FREE SCHOOL (BAFS) is a collective effort to build relationships that challenge institutional power. We use decentralized classes to learn with each other, increasing autonomy and mutual support. We are especially interested in events that help build the skills, infrastructure, and relationships we need to find our place in the storm. We're excited to have you participate: we all have so much to learn from each other. Submit workshop proposals at bafs.noblogs.org or email bafs@riseup.net.
